<i>Preface</i>	<i>vii</i>
<i>Introduction</i>	<i>xiii</i>

PART ONE: Theoretical Background: Joint Flexibility

• Joint Flexibility.....	1
• Training Methods for Developing Joint Flexibility	2
• Three Main Methods Employed to Improve Flexibility.....	3
• Movements of the Skeletal System.....	5
• Illustration 1: The Movement Planes [®]	7
• Spinal Column.....	9
• Illustration 2: Spinal Column: Posterior View [®]	9
• Skeletal Body Joints.....	10
• Illustration 3: Movement Analyses of the Exercises will be Described According to the Joints [®]	10
• Skeletal Body Muscles.....	11
• Illustration 4: Anterior and Posterior views of the External Skeletal Muscles [®]	110

PART TWO: Stretching, the Practical Part

Instruction for Performance	14
1. Stretching for Legs—Gastrocnemius	15
Exercise 1: Standing Calf Stretch—Heel Drop	15
Exercise 1.1: Lunge Calf Stretch—Leaning against Wall	16
Stretching Tibialis Anterior	17
Exercise 1.2: Kneeling Shin Stretch—Sit on Floor	17
Quadriceps Stretch	18
Exercise 1.3: Standing Quad Stretch—Hold Foot with Opposite Hand	18
Hamstrings Stretch	19
Exercise 1.4: Seated Hamstring Stretch—Modified Hurdlers Stretch Lean Forward Straight with Flat Back	19
Adductor Stretch	20
Exercise 1.5: Seated Groin Stretch—Soles of Feet Together	20
Buttock Muscle and Abductor Stretch	21
Exercise 1.6: Outer Hip Stretch Seated—Knees at 90 Degrees	21
2. Abdominal Stretch	22
Exercise 2: Lying Prone Abdominal Stretch—Push up on Elbows to Stretch Abdominal	22

Abdominal Muscle Stretch	23
Exercise 2.1: Lying Supine Abdominal Stretch—Deep Breath Stretch	23
Oblique Abdominal Muscle Stretch	24
Exercise 2.2: Lying Supine Back Stretch—Knees Bent to 90 Degrees and Drop Knees to One Side	24
3. Chest Muscle and Biceps Stretch	25
Exercise 3: Standing Chest and Biceps Stretch—Place Hand on Wall and Turn Body Away	25
Exercise 3.1: Standing Chest and Biceps Stretch—Hold Towel in Front with both Hands, Lift up and Overhead	25
Arms—Biceps and Chest Muscle Stretch	27
Exercise 3.2: Standing Biceps and Chest Stretch—Extend Arms Behind, Interlace Hands and then Lift Arms	27
4. Triceps Stretch	28
Exercise 4: Standing Triceps Stretch—Grasp Bent Elbow with Opposite Hand and Pull Backward	28
5. Wrist Extensor Stretch	29
Exercise 5: Standing Wrist Extensors Stretch—Flex Wrist Using Opposite Hand for Assistance	29
Exercise 5.1: On All Fours, Wrist Flexor Stretch—Extend Wrist Using the Opposite Hand for Assistance	30
Wrist Flexor Stretch	31
Exercise 5.2: Standing Wrist Flexors Stretch—Extend Wrist Using the Opposite Hand for Assistance	31
6. Posterior Rotator Cuff and Scapular Adductor Stretch	32
Exercise 6: Standing Posterior Rotator Cuff and Capsule Stretch—Pull Opposite Arm across Body	32
Front Shoulder and Chest Muscle Stretch	33
Exercise 6.1: Shoulder Stretch (Front)—Stand in Doorway with Arms on Frame and lean forward	33
Exercise 6.2: Seated Shoulder Stretch—Place Straight Arms Behind and Push Chest out	34
7. Neck and Back—Side Neck Flexor Stretch	35
Exercise 7: Seated Neck Stretch—Ear to Shoulder	35
Neck Extensor Muscle Stretch	36
Exercise 7.1: Lying Supine Neck Stretch—Assisted Chin to Chest	36
Neck Rotator Muscle Stretch	37
Exercise 7.2: Seated Rotation Neck Stretch—Turn Head to Shoulder	37
8. Lateral Back Muscle Stretch	38
Exercise 8: Standing Lateral Trunk—Stretch Arms Overhead and Lean Toward One Side	38
Erector Spinae Muscle Stretch	39
Exercise 8.1: Lying Supine Low Back Stretch (Fetal Position)—Pull Knees toward Chest	39
Exercise 8.2: Cat Position—Low Back Stretch on All Fours Rounding the Back	40

9. Buttock Muscle Stretch	41
Exercise 9: Lying Supine Buttocks Stretch “Tailor’s Position”—Pull Vertical Knee to Chest	41
Exercise 9.1: Lying Supine Buttocks Stretch—Pull Bent Leg to the Opposite Shoulder	42
Exercise 9.2: Seated Gluteus Stretch—Grasp Bent Knee with Hands Pull toward Chest	43
10. Full Body Lying Stretch	44
Exercise 10: Lying Supine Full Body Stretch—Extend Arm up and Overhead While Pointing Toes	44
Seated Stretch —Gluteus Medialis and Minimus, Tensor Fascia Lata Oblique Abdominals and Erector Spinae (One Side)	45
Exercise 10.1: Seated Spinal Rotation Stretch—Bend Knee Rotate Body	45
Seated Stretch —Adductors, Hamstrings, Erector Spinae and Gluteus Maximus	46
Exercise 10.2: Seated Straight Leg Groin Stretch—Legs are Apart, Lean Forward with Flat Back	46
Standing Stretch —Pectoralis Maximus, Front Shoulder, Arm Flexors, Gluteus Maximus and Erector Spinae	47
Exercise 10.3: Standing Overhead Shoulder Stretch—End at Waist with Arms Behind Back, Lift Arms up	47
Standing Stretch —Hamstrings, Gluteus Maximus, Erector Spinae	48
Exercise 10.4: Standing Full Body Stretch—Arms Overhead and Perform Heel Raise and Touch Toes	48
