<i>Foreword by K N Agarwal</i>	xi
<i>Preface</i>	xiii

UNIT I: ORGANIZATION AND PEDIATRIC ACUTE EMERGENCY SERVICES 1–95

1. Organization of Pediatric Intensive Care Unit	3
2. Ethical and Legal Issues in Pediatric Emergency Care	11
3. Cardiopulmonary Resuscitation	15
4. Fluid and Electrolytes	24
5. Acid–Base Disturbances	31
6. Shock	37
7. Oxygen Therapy	46
8. Mechanical Ventilation	54
9. Extracorporeal Membrane Oxygenation	67
10. Multiple Organ Dysfunction Syndrome	73
11. Anaphylaxis	78
12. Transport of a Sick Child	86

UNIT II: COMMON SYMPTOMATIC EMERGENCIES 97–128

13. Excessive Crying in Infants	99
14. Fever of Unknown Origin	104
15. Acute Fever with Rash	113
16. Comatose Child	122

UNIT III: INFECTIONS 129–145

17. Severe Malaria	131
18. Severe Dengue and Dengue Hemorrhagic Fever	135
19. Severe Covid in Children	141

UNIT IV: NEONATAL EMERGENCIES 147–198

20. Resuscitation of Newborns	149
21. Emergencies in Delivery Room	154
22. Respiratory Distress in Neonates	159
23. Neonatal Jaundice	165
24. Neonatal Seizures	171
25. Neonatal Sepsis	181
26. Neonatal Anemia	186
27. Bleeding Neonate	191
28. Covid in Newborn	195

UNIT V: NEUROLOGICAL EMERGENCIES 199–231

29. Raised Intracranial Pressure	201
30. Status Epilepticus	205
31. Acute Flaccid Paralysis	213
32. Encephalitis and Encephalopathy	224

UNIT VI: RESPIRATORY EMERGENCIES	233–269
33. Severe Pneumonia	235
34. Acute Severe Asthma	241
35. Acute Respiratory Distress Syndrome in Children	250
36. Pneumothorax in Children	262
37. Acute Bronchiolitis	266
UNIT VII: CARDIOVASCULAR EMERGENCIES	271–319
38. Heart Failure in Children	273
39. Pericardial Effusion	283
40. Hypercyanotic Spells	293
41. Cardiac Arrhythmias in Children	299
42. Hypertensive Emergencies	310
UNIT VIII: GASTROENTEROLOGY AND NUTRITION	321–355
43. Acute Diarrhea and Dehydration	323
44. Hepatic Encephalopathy in Children	331
45. Gastrointestinal Bleeding in Children	339
46. Severe Acute Malnutrition	346
UNIT IX: HEMATOLOGY ONCOLOGY	357–410
47. Severe Anemia	359
48. The Bleeding Child	369
49. Thrombocytopenia	374
50. Disseminated Intravascular Coagulation	377
51. Blood Component Therapy	381
52. Oncologic Emergencies	386
53. Glucose-6-Phosphate Dehydrogenase Deficiency	396
54. Hemophilia	400
55. Thrombosis in Neonates and Children	405
UNIT X: NEPHROLOGY	411–429
56. Acute Kidney Injury in Children	413
57. Hemolytic Uremic Syndrome	421
58. Hematuria	425
UNIT XI: ENDOCRINOLOGY AND METABOLIC DISORDERS	431–454
59. Diabetic Ketoacidosis	433
60. Hyperthyroid Crisis	441
61. Adrenal Crisis	446
62. Inborn Errors of Metabolism in Emergency	450
UNIT XII: ENVIRONMENTAL EMERGENCIES	455–493
63. Animal Bites	457
64. Snake Bite	462
65. Scorpion Sting	466
66. Drowning	469
67. Heat Stroke	473

68. Electrocution and Lightning	476
69. Burns	480
70. Head Injury	487

UNIT XIII: ACCIDENTAL POISONINGS **495–517**

71. General Principles of Management of Poisoning	497
72. Kerosene Poisoning	500
73. Salicylate Poisoning	502
74. Barbiturate Poisoning	506
75. Corrosive Poisoning	508
76. Dhatura Poisoning	510
77. Iron Poisoning	511
78. Organophosphate Poisoning	515

UNIT XIV: OTHER SIGNIFICANT EMERGENCIES **519–564**

79. Otorhinolaryngological Emergencies	521
80. Ophthalmic Emergencies	530
81. Pediatric Dermatological Emergencies	542
82. Pediatric and Adolescent Gynecological Emergencies	547
83. Acute Abdomen in Infants and Children	556

UNIT XV: EMERGENCY PEDIATRIC PROCEDURES AND MEDICATIONS **565–649**

84. Procedural Sedation and Analgesia	567
85. Practical Procedures	573
86. Pulse Oximetry	633
87. Capnography	638
88. Emergency Drugs	643

APPENDICES **651–666**

Appendix I: General Calculation Tables	653
Appendix II: Cardiovascular System	654
Appendix III: Hematology Charts	658
Appendix IV: Renal System	660
Appendix V: Central Nervous System	661
Appendix VI: Miscellaneous	662
