Foreword by Dr SL Wadhwa

vii

Preface to the Seventh Edition

ix

Preface to the First Edition

xi

Section 1: BASIC CONSIDERATIONS

- 1. Structure and Functions of Skin 3–9**
 - Structure of Skin 3
 - Cutaneous Appendages 4
 - Functions of Skin 5
- 2. Section A: Basic Lesion: The Building Blocks of Dermatologic Description**
Section B: Principles of Diagnosis 10–26
 - Primary Lesions 10
 - Secondary Lesions 13
 - Special Terms 17
 - Method of Description of Skin Lesions 17
 - Case Study in Dermatology and STDs 18
 - Bedside investigations in Dermatology and STDs 21
 - Tips for Diagnosis in Dermatology and STDs 21
- 3. Physiological Variations in Skin and Age Related Diseases 27–32**
 - Physiologic Variations in Infancy 27
 - Skin Diseases in Infancy 27
 - Physiologic Variations in Childhood 29
 - Skin Diseases in Children 29
 - Physiologic Variations in Adolescence 29
 - Skin Diseases in Adolescent 29
 - Becker's Nevus 30
 - Physiologic Variations in Old Age (Skin Aging) 30
 - Skin Diseases in Elderly 30
 - Physiologic Changes in Pregnancy 31
 - Skin Diseases in Pregnancy 31

Section 2: SKIN DISEASES

- 4. Cutaneous Infections—Scabies and Pediculosis 35–44**
 - Scabies 35
 - Pediculosis 39
- 5. Cutaneous Infections with Pyogenic Bacteria 45–58**
 - Impetigo (Impetigo Contagiosa) 45
 - Ecthyma 47
 - Folliculitis 48
 - Furuncle and Carbuncle 49
 - Furuncle (Common Boil) 49
 - Carbuncle 50
 - Acute Paronychia 51
 - Periporitis (Multiple Sweat Gland Abscesses) 52
 - Treatment of Bacterial Infections 53
- 6. Cutaneous Tuberculosis 59–65**
 - Lupus Vulgaris 60
 - Tuberculosis Verrucosa Cutis (Anatomist's Wart) (Prosector's Wart) 61
 - Scrofuloderma 62
- 7. Cutaneous Fungal Infections 66–85**
 - Superficial Fungal Infections 66
 - Candidiasis 67
 - Dermatophytosis (Ringworm) 72
 - Tinea Corporis and Cruris (Ringworm) 72
 - Tinea Barbae 73
 - Tinea Capitis 73
 - Tinea Manuum and Tinea Pedis 74
 - Tinea Unguium 75
 - Investigations in Dermatophyte Infections 76
 - Therapy of Dermatophyte infections 76
 - Deep Fungal Infections 78
 - Mycetoma (Madura Foot) 79
- 8. Viral Infections 86–103**
 - Molluscum Contagiosum 86
 - Verrucae (Warts) 87
 - Verruca Vulgaris (Common Wart) 87
 - Other Varieties of Warts 89
 - Condyloma Acuminata (Genital Warts, Venereal Warts) 89

- Varicella (Chickenpox, Primary Infection with Varicella-Zoster Virus) 91
 Herpes Zoster 92
 Herpes Simplex 95
 Herpes Labialis 96
 Herpes Genitalis 97
 Viral Exanthems 99
 Exanthems 99
- 9. Eczemas 104–119**
 Aetiologic Grouping of Eczemas 105
 Treatment of Eczemas 105
 Contact Dermatitis 107
 Seborrhoeic Dermatitis 109
 Atopic Dermatitis 111
 Infantile Eczema (Eczema in Infants) 113
 Napkin Dermatitis 114
 Lichen Simplex Chronicus (Chronic Lichenified Dermatitis, Circumscribed Neurodermatitis) 114
 Xerotic Eczema (Winter Eczema) 115
 Nummular Eczema 116
 Stasis Eczema 116
 Bacterial Eczema (Infective Eczema) 116
- 10. Acne Vulgaris and Rosacea 120–129**
 Acne Vulgaris 120
 Rosacea (Acne Rosacea) 125
- 11. Urticaria and Angioedema 130–135**
 Urticaria 130
 Angioedema 132
- 12. Papulosquamous Diseases 136–151**
 Psoriasis 136
 Treatment of Psoriasis 140
 Pityriasis Rosea 141
 Lichen Planus 142
 Reiter's Disease 145
 Pityriasis Rubra Pilaris 146
 Parapsoriasis 146
- 13. Pigmentary Disorders 152–166**
 Pigmentary System 152
 Albinism 152
 Vitiligo 153
 PUVA Therapy 156
 Differential Diagnosis of Hypopigmented Patch 158
 Differential Diagnosis of Hyperpigmentation 159
 Melasma (Pregnancy Mask) 161
- 14. Drug Eruptions including Erythema Multiforme and its Variants 167–177**
 Drug Eruptions 167
 Fixed Drug Eruption 168
 Erythema Multiforme 170
 Stevens Johnson Syndrome 171
 Toxic Epidermal Necrolysis 173
 Drug Hypersensitivity Reaction 174
- 15. Photosensitive Dermatoses 178–183**
 Photodermatitis (Photosensitive Dermatitis) 178
 Management of Photosensitive Disorders 180
- 16. Alopecia 184–193**
 Differential Diagnosis of Alopecia 184
 Scarring Alopecia (Cicatricial Alopecia) 184
 Diffuse Alopecia 185
 Anagen Effluvium 186
 Patchy Hair Loss 186
 Traumatic Alopecia 188
 Androgenetic Alopecia (Androgenic Alopecia, Common Baldness, Pattern Alopecia Baldness) 188
- 17. Disorders of Nail 194–198**
 Nail Psoriasis 194
 Nail Lichen Planus 194
 Tinea Unguium (Onychomycosis) 195
 Onycholysis 195
 Nails in Systemic Diseases 195
 Nail Plate Discolouration 196
- 18. Skin and Internal Diseases 199–216**
 Skin Manifestations of Internal Diseases 199
 Cutaneous Changes in Endocrine Disorders 200
 Amyloidosis 202
 Xanthomas (Yellow Tumours) 202
 Porphyrias 204
 Erythema Nodosum 205
 Erythroderma (Exfoliative Dermatitis) 206
 Hirsutism 208
 Acanthosis Nigricans 209
 Langerhans Cell Histiocytosis 209
 Nutritional Deficiencies 210
- 19. Collagen Vascular Diseases 217–223**
 Skin Manifestations of Collagen Vascular Diseases 217
 Skin Manifestations of Systemic Lupus Erythematosus 219
 Butterfly Rash 220
 Vasculitis 221
 Sarcoidosis 222
- 20. Chronic Vesicobullous Disorders 224–229**
 Bullous Pemphigoid 224
 Dermatitis Herpetiformis 224
 Pemphigus Vulgaris and Foliaceus 226
 Investigations and Therapy of Vesicobullous Disorders 227

21. Cutaneous Neoplasms, Cysts and Hyperplasias 230–247

Malignant Neoplasms 230
 Basal Cell Carcinoma (Rodent Ulcer) 231
 Melanoma 232
 Paraneoplastic Syndromes 233
 Premalignant Lesions 234
 Benign Neoplasm 234
 Cysts 239
 Cutaneous Hyperplasias 240

22. Genetic Diseases of the Skin 248–253

Epidermolysis Bullosa 248
 Palmoplantar Keratoderma 248
 Darier's Disease 249
 Ichthyoses 249
 Neurofibromatosis (Von Recklinghausen's Disease) 249
 Tuberous Sclerosis 251
 Sturge Weber Syndrome 251

23. Miscellaneous Disorders 254–264

Differential Diagnosis of Subcutaneous Nodules 254
 Differential Diagnosis of Vesicular Rash 255

Differential Diagnosis of Rash with Fever 256
 Exanthems 258
 Prurigo mitis (Prurigo Simplex) 259
 Aphthous Ulcer 260
 Miliaria (Prickly Heat, Heat Rash) 261
 Pruritus (Itching) 262
 Granuloma Annulare 262

24. Leprosy (Hansen's Disease) 265–284

Epidemiology of Leprosy 265
 Indeterminate (I) 266
 Tuberculoid (T) 266
 Borderline Tuberculoid (BT) 267
 Mid-Borderline (Borderline, BB) 268
 Borderline Lepromatous (BL) 268
 Lepromatous Leprosy (LL) 270
 Other Clinical Features of Lepromatous Leprosy 270
 Management of Leprosy 274
 Advice to Leprosy Patients under Therapy 275
 Social Aspects 275
 Lepra Reactions 277
 Treatment of Lepra Reactions 278

Section 3: SEXUALLY TRANSMITTED INFECTIONS INCLUDING HIV INFECTION**25. Sexually Transmitted Infections 287–318**

Prevention of STIs (Counselling for STI Patients) 287
 Syphilis (LUES) 288
 Acquired Syphilis 288
 Primary Syphilis 289
 Secondary Syphilis 289
 Systemic Manifestations of Secondary Syphilis 291
 Evolution of Secondary Syphilis 291
 Investigations and Diagnosis 292
 Therapy 292
 Investigations for Syphilis 293
 Demonstration of Antibodies to *Treponema pallidum* 293
 Therapy of Syphilis 294
 Congenital Syphilis 294
 Urethritis 295
 Gonococcal Urethritis 295
 Complications of Gonorrhoea 296
 Treatment of Gonorrhoea 297
 Non-gonococcal Urethritis 298
 Genital Ulcerative Disease (including Differential Diagnosis of Genital Ulcers) 298
 Chancroid (Soft Chancre) 300
 Donovanosis (Granuloma Inguinale) 302
 Differential Diagnosis of Inguinal Lymphadenopathy 303

Lymphogranuloma Venereum 305
 Trichomoniasis 306
 Bacterial Vaginosis 306
 Pelvic Inflammatory Disease 306
 Practical Management of STIs (Syndromic Management of STIs) 307
 Changing Epidemiology of STIs 313

26. HIV Infection and AIDS 319–360

Human Immunodeficiency Virus 319
 Immunopathogenesis of HIV Infection 319
 Epidemiology of HIV Infection 320
 Natural History of Untreated HIV Infection 321
 Clinical Features and Stages of HIV Infection 322
 Investigations in HIV Infection 329
 Tests to Monitor the response to Antiretroviral Treatment and to Rule Out Opportunistic Infection 332
 Management of HIV Infection 333
 Antiretroviral Therapy 340
 HIV and Pregnancy 347
 Parent to Child Transmission Programme in India 348
 Women and HIV 349
 Paediatric HIV Infections 349
 Prevention of AIDS/HIV Infection 352
 HIV Vaccines 354
 Post-exposure Prophylaxis 355

Section 4: DERMATOTHERAPEUTICS**27. Topical Therapy in Dermatology 363–371**

Cleansers, Soaps and Shampoos 363
Moisturisers and Emollients 363
Sunscreens 365
Topical Steroids 365
Calcineurin Inhibitors 365
Topical Antibacterials 366
Topical Antifungals 366
Topical Antivirals 366
Agents Against Ectoparasites 367
Topical Antibiotics for Acne 367
Topical Retinoids 368
Antipsoriatic Agents 368
Hypopigmenting Agents 368
Pigmenting Agents 369
Miscellaneous Agents 369
Agent for Hair Growth 369

28. Systemic Therapies in Dermatology 372–380

Systemic Antibacterial Agents 372
Antivirals 375
Antiparasitic Agents 375

Systemic Antifungal Agents 375
Antiallergic Agents 377
Corticosteroids 377
Anti-inflammatory Agents 378
Immunosuppressants 378
Miscellaneous Systemic Therapies 379

29. Procedures in Dermatology 381–388

Chemical Peels 381
Cryosurgery 382
Electrosurgery 382
Intense Pulse Light 383
Lasers 383
Dermatosurgery 384
Acne Surgery 384
Dermabrasion 384
Vitiligo Surgery 384
Skin Augmentation (Fillers) 385
Botulinum Toxin 385
Skin Biopsy 385

Index**389–391**
