## Section A: Applied Microbiology

|                   |                                                               |               |
|-------------------|---------------------------------------------------------------|---------------|
| <b>Unit I</b>     | <b>Introduction</b>                                           | <b>3–20</b>   |
| <b>Chapter 1</b>  | History and Principles of Microbiology .....                  | 5–17          |
| <b>Chapter 2</b>  | Importance and Relevance of Microbiology in Nursing .....     | 18–20         |
| <b>Unit II</b>    | <b>General Characteristics of Microbes</b>                    | <b>21–84</b>  |
| <b>Chapter 3</b>  | Structure and Classification of Microbes .....                | 23–30         |
| <b>Chapter 4</b>  | Morphology of Bacteria .....                                  | 31–42         |
| <b>Chapter 5</b>  | Colonization .....                                            | 43–46         |
| <b>Chapter 6</b>  | Growth and Nutrition of Microorganisms .....                  | 47–54         |
| <b>Chapter 7</b>  | Blood and Body Fluids .....                                   | 55–60         |
| <b>Chapter 8</b>  | Laboratory Methods for Identification of Microorganisms ..... | 61–66         |
| <b>Chapter 9</b>  | Detection of Motility and Staining Techniques .....           | 67–73         |
| <b>Chapter 10</b> | Culture and Media Preparation .....                           | 74–84         |
| <b>Unit III</b>   | <b>Pathogenic Organisms</b>                                   | <b>85–319</b> |
| <b>Chapter 11</b> | Gram-Positive Cocci .....                                     | 87–102        |
| <b>Chapter 12</b> | Gram-Negative Cocci .....                                     | 103–109       |
| <b>Chapter 13</b> | Gram-Positive Bacilli (Part A) .....                          | 110–129       |
| <b>Chapter 14</b> | Gram-Positive Bacilli (Part B) .....                          | 130–143       |
| <b>Chapter 15</b> | Gram-Negative Bacilli (Part A) .....                          | 144–158       |
| <b>Chapter 16</b> | Gram-Negative Bacilli (Part B) .....                          | 159–178       |
| <b>Chapter 17</b> | Spirochetes .....                                             | 179–185       |
| <b>Chapter 18</b> | Miscellaneous Bacteria .....                                  | 186–202       |
| <b>Chapter 19</b> | General Virology .....                                        | 203–210       |
| <b>Chapter 20</b> | Viral Diseases (Part A) .....                                 | 211–227       |
| <b>Chapter 21</b> | Viral Diseases (Part B) .....                                 | 228–241       |
| <b>Chapter 22</b> | Viral Diseases (Part C)—DNA Viruses .....                     | 242–249       |
| <b>Chapter 23</b> | COVID-19 and Omicron Viruses .....                            | 250–255       |
| <b>Chapter 24</b> | Oncogenic Viruses .....                                       | 256–259       |

|                   |                           |         |
|-------------------|---------------------------|---------|
| <b>Chapter 25</b> | Parasitology.....         | 260–296 |
| <b>Chapter 26</b> | Rodents and Vectors ..... | 297–302 |
| <b>Chapter 27</b> | Medical Mycology .....    | 303–319 |

#### **Unit IV Immunity 321–373**

|                   |                                            |         |
|-------------------|--------------------------------------------|---------|
| <b>Chapter 28</b> | Immunity—Types and Classification .....    | 323–330 |
| <b>Chapter 29</b> | Antigen-Antibody and their Reactions ..... | 331–348 |
| <b>Chapter 30</b> | Hypersensitivity Reactions .....           | 349–361 |
| <b>Chapter 31</b> | Immunoprophylaxis—Vaccines and Sera .....  | 362–373 |

## **Section B: Infection Control and Safety**

#### **Unit I Hospital-Acquired Infections 377–386**

|                   |                                                  |         |
|-------------------|--------------------------------------------------|---------|
| <b>Chapter 32</b> | Prevention of Hospital-Acquired Infections ..... | 379–386 |
|-------------------|--------------------------------------------------|---------|

#### **Unit II Isolation Precautions and Use of Personal Protective Equipment 387–395**

|                   |                                                         |         |
|-------------------|---------------------------------------------------------|---------|
| <b>Chapter 33</b> | Role of Standard Precautions in Clinical Settings ..... | 389–395 |
|-------------------|---------------------------------------------------------|---------|

#### **Unit III Hand Hygiene 397–403**

|                   |                                  |         |
|-------------------|----------------------------------|---------|
| <b>Chapter 34</b> | Importance of Hand Hygiene ..... | 399–403 |
|-------------------|----------------------------------|---------|

#### **Unit IV Disinfection and Sterilization 405–433**

|                   |                                                            |         |
|-------------------|------------------------------------------------------------|---------|
| <b>Chapter 35</b> | Disinfection and Sterilization in Healthcare Settings..... | 407–433 |
|-------------------|------------------------------------------------------------|---------|

#### **Unit V Review of Specimen Collection 435–448**

|                   |                                              |         |
|-------------------|----------------------------------------------|---------|
| <b>Chapter 36</b> | Specimen Collection and Transportation ..... | 437–448 |
|-------------------|----------------------------------------------|---------|

#### **Unit VI Biomedical Waste Management (BMW) 449–461**

|                   |                                                  |         |
|-------------------|--------------------------------------------------|---------|
| <b>Chapter 37</b> | Management of Biomedical Waste and Laundry ..... | 451–461 |
|-------------------|--------------------------------------------------|---------|

#### **Unit VII Antibiotic Stewardship 463–470**

|                   |                                   |         |
|-------------------|-----------------------------------|---------|
| <b>Chapter 38</b> | Judicious Use of Antibiotics..... | 465–470 |
|-------------------|-----------------------------------|---------|

#### **Unit VIII Patient Safety Indicators and Incidents and Adverse Events 471–488**

|                   |                                                                    |         |
|-------------------|--------------------------------------------------------------------|---------|
| <b>Chapter 39</b> | Patient Safety Indicators and Incidents in Healthcare Setting..... | 473–488 |
|-------------------|--------------------------------------------------------------------|---------|

#### **Unit IX International Patient Safety Goals 489–496**

|                   |                      |         |
|-------------------|----------------------|---------|
| <b>Chapter 40</b> | Patient Safety ..... | 491–496 |
|-------------------|----------------------|---------|

#### **Unit X Safety Protocols 497–509**

|                   |                       |         |
|-------------------|-----------------------|---------|
| <b>Chapter 41</b> | Safety Protocols..... | 499–509 |
|-------------------|-----------------------|---------|

#### **Unit XI Employee Safety Indicators 511–518**

|                   |                      |         |
|-------------------|----------------------|---------|
| <b>Chapter 42</b> | Employee Safety..... | 513–518 |
|-------------------|----------------------|---------|

|                    |         |
|--------------------|---------|
| <b>Index</b> ..... | 519–529 |
|--------------------|---------|
