Section I Midwifery

Chapter 1 Introduction to Midwifery	3–36
• Maternity Care: Definitions 4	
• Scope of Midwifery 4	
• History of Midwifery in India 5	
• Government Initiatives for Maternal and Newborn Health in India 7	
• Trends of Maternity Services in India 7	
• National Health Programs Related to RMNCH+A 9	
• Respectful Maternity and Newborn Care 14	
• Midwife-Led Care 16	
• Woman-Centered Care 17	
• Physiological Birth 18	
• Vital Statistics 19	
• Maternal Mortality Rate/Ratio 20	
• Maternal Morbidity Rate 22	
• Perinatal Mortality Rate 22	
• Stillbirth Rate 24	
• Neonatal Mortality Rate 24	
• Infant Mortality Rate 25	
• Maternal Death Audit 26	
• Total Fertility Rate 26	
• General Fertility Rate 26	
• Basic Competencies of Nurse Midwives 27	
Chapter 2 Reproductive System	37–51
• Female Organs of Reproduction 38	
• Female Pelvis 44	
Chapter 3 Embryology and Fetal Development	53–68
• Embryology 54	
• Fetal Development 54	
• Fetal Membranes 58	
• Placenta 58	
• Liquor Amnii (Amniotic Fluid) 61	
• Umbilical Cord 62	
• Fetal Skull 62	
• Fetal Circulation 65	

Chapter 4 Normal Pregnancy and its Management	69–98
• Preconception Care 70 • Genetic Counseling 74 • Physiological Changes in Pregnancy 75 • Diagnosis of Pregnancy 78 • Antenatal Care 80	• Nursing Management During Pregnancy 90 • Diet During Pregnancy 91 • Drugs and Immunization 92 • Minor Disorders of Pregnancy and their Management 93
Chapter 5 Normal Labor and its Management.....	99–138
• Labor 100 • First Stage of Labor 102 • Second Stage of Labor 120	• Third Stage of Labor 130 • Fourth Stage of Labor 134 • Postpartum Family Planning 135
Chapter 6 Management of the Newborn	139–162
• Newborn/Neonate 140 • Physiological Adaptation 144 • APGAR Scoring 145 • Examination for Defects 145 • Breastfeeding 146 • Baby-Friendly Hospital Initiative 150	• Care of Newborn 151 • Rooming-in 151 • Bonding 152 • Minor Disorders of Newborn 153 • Neonatal Infections 158
Chapter 7 Management of Normal Puerperium	163–189
• Puerperium 164 • Anatomical and Physiological Changes During Puerperium 164 • Postnatal Counseling 167 • Lactation and Its Management 168 • Nursing Management During Puerperium 171	• Minor Ailments During Puerperium and their Management 172 • Perineal Care During Puerperium 172 • Postnatal Exercises 172 • Family Planning 176
Chapter 8 Management of Complications During Pregnancy	191–260
• Hyperemesis Gravidarum 192 • Abortion 196 • Induced Abortion—Medical Termination of Pregnancy 202 • Ectopic Pregnancy 205 • Antepartum Hemorrhage 210 • Hydatidiform Mole/Gestational Trophoblastic Disease 218 • Pregnancy-Induced Hypertension 221 • Gestational Diabetes Mellitus 229 • Polyhydramnios 231 • Oligohydramnios 233 • Intrauterine Growth Restriction/Retardation 235	• Postmaturity Pregnancy 237 • Intrauterine Fetal Death 238 • High-Risk Pregnancy 240 • Jaundice in Pregnancy 242 • Viral Infections in Pregnancy 242 • Heart Diseases in Pregnancy 245 • Acquired Immunodeficiency Syndrome 248 • Teenage Pregnancy 251 • Elderly Primigravida 252 • Grand Multipara 252 • Multiple Pregnancy 253
Chapter 9 Management of High-Risk Labor	261–327
• Malposition 262 • Malpresentation 267 • Contracted Pelvis 276 • Abnormal Uterine Actions 279 • Obstructed Labor 287 • Premature Rupture of Membranes 290 • Prolonged Labor 292 • Induction of Labor 295	• Obstetrical Emergencies 295 Complications of Third Stage 309 • Postpartum Hemorrhage 309 • Atonic Uterus 316 • Perineal Injury/Genital Tract Injuries/Birth Canal Injuries 316 • Retained Placenta and Membranes 321 • Inversion of the Uterus 322
Chapter 10 Management of Complications of Puerperium	329–344
• Introduction 330 • Puerperal Infections 330 • Thromboembolic Disorders 332	• Complications of Breast 335 • Urinary Complications 337 • Psychiatric Disorders During Puerperium 340

Chapter 11 High-Risk and Sick Newborn 345–393

- Neonatal Hyperbilirubinemia 346
- Neonatal Hypoglycemia 347
- Neonatal Hypothermia 350
- Neonatal Convulsions 352
- Rhesus Factor Incompatibility 353
- Low-Birth-Weight Babies 354
- Asphyxia 363
- Respiratory Distress Syndrome 365
- Neonatal Sepsis 369
- Birth Injuries 370
- Hemorrhagic Diseases of Newborn 374
- Congenital Anomalies 376
- Newborn of HIV-Positive Mother 387
- Newborn of a Diabetic Mother 389
- Levels of Neonatal Care 390

Chapter 12 Obstetric Operations 395–417

- Induction of Labor 396
- Manual Removal of Placenta 398
- Version 399
- Forceps Delivery 401
- Vacuum Extraction Ventouse 404
- Cesarean Section 406
- Sterilization 408
- Dilatation and Evacuation 408
- Suction Evacuation 408
- Destructive Surgeries/Operations 409
- Manual Vacuum Aspiration 411

Chapter 13 Drugs Used in Obstetrics 419–434

- Drugs Used in the Perinatal Period 420
- Drugs Used for Newborn 429
- Teratogens: Effects of Drugs on Mother and Baby 432

Chapter 14 Ethical and Legal Aspects Related to Midwifery 435–445

- Definitions 436
- Ethical Principles 436
- Code of Ethics for Nurses in India 436
- Code of Professional Conduct for Nurses in India 437
- Ethical Decisions and Reproductive Health of Women 438
- Potential Areas of Litigation in Obstetrics 439
- Ways to Minimize Medicolegal Problems in Midwifery 440
- Maternal and Newborn Death Review 441
- Mother and Child Tracking System 442

Section II Gynecological Nursing

Chapter 15 Introduction to Gynecology 449–459

- Introduction 450
- History Taking 450
- Physical Examination 451
- Investigations in Gynecology 454

Chapter 16 Puberty 461–476

- Introduction 462
- Development of Female Sex Organs and Sexuality 462
- Review of Menstrual Cycle 464
- Premenstrual Syndrome 466
- Disorders of Menstruation 468
- Hypomenorrhea—Light Menstrual Periods 473
- Polymenorrhea—Frequent Periods 473

Chapter 17 Fertility and Infertility 477–488

- Fertility 478
- Infertility 478
- Investigations 480
- Management of Infertility 481
- Artificial Reproductive Technique 483

Chapter 18 Pelvic Infections 489–504

- Vulvar Infections 490
- Vaginal Infections 491
- Infections of the Uterus, Fallopian Tubes and Ovaries 494
- Pelvic Abscess 497
- Pelvic Inflammatory Disease 498
- Pelvic Tuberculosis 499
- Syndromic Case Management 500

Chapter 19 Gynecological Disorders.....	505–529
• Uterus 506	• Cysts 514
• Retroversion 506	• Skene Gland Cyst 516
• Retroflexion 507	• Uterine Fibroid 517
• Fistula 508	• Endometrial Polyps 519
• Uterine Prolapse (Procidentia) 509	• Benign and Malignant Tumors of the Reproductive Tract 520
• Uterine Malformations 513	• Palliative Care and Rehabilitation 525
Chapter 20 Breast Disorders	531–537
• Introduction 532	• Malignant Breast Carcinoma 533
• Benign Tumors 532	
Chapter 21 Menopause	539–547
• Introduction 540	• Signs and Symptoms of Menopause 541
• Causes of Menopause 540	• Diagnosis of Menopause 542
• Types of Menopause 540	• Hormone Replacement Therapy in Menopause 542
• Timing of Menopause 540	• Health Education and Counseling in Menopause 544
• Physiological Changes in Menopause 541	• Surgical Menopause 545
Obstetrics and Gynecological Nursing Procedures.....	549–592
• Procedure 1: Antenatal Examination 550	• Procedure 9: Performing, Suturing and Episiotomy 573
• Procedure 2: Antenatal Exercises 554	• Procedure 10: Episiotomy Care 576
• Procedure 3: Urine Analysis 559	• Procedure 11: Perineal Care 577
• Procedure 4: Pregnancy Test (by Urine Sample) 561	• Procedure 12: Breast Care 579
• Procedure 5: Intranatal Assessment 562	• Procedure 13: Postnatal Assessment 581
• Procedure 6: Per Vaginal Examination During Labor 566	• Procedure 14: Postnatal Exercises 586
• Procedure 7: Setting Trolley and Conduction of Normal Vaginal Delivery 568	• Procedure 15: Measuring Involution of Uterus 589
• Procedure 8: Placental Examination 571	• Procedure 16: Insertion of Postpartum IUCD 590
	• Procedure 17: Breast Self-Examination 592
Appendices	593–618
• Appendix 1: Proforma for Antenatal Assessment 594	• Appendix 5: Effects of Drugs on Pregnancy, Labor and Puerperium 609
• Appendix 2: Proforma for Intranatal Assessment 598	• Appendix 6: Instruments Used in Obstetrics and Gynecological Procedures 611
• Appendix 3: Proforma for Postnatal Assessment 603	
• Appendix 4: Effects of Maternal Medication on Fetus and Neonate 608	
Index	619–634
