

CONTENTS

CHAPTERS		PAGES
	Section – I History	1 – 6
1. History of Pain Relief		3 – 6
	Section – II Basic Mechanism	7 – 40
2. Pain-Basic Mechanisms		9 – 15
3. Development of Foetal and Neonatal Pain Behaviour		16 – 18
4. Cytokines		19 – 27
5. Opiate Receptors: Newer Perspectives and Clinical Significance		28 – 32
6. Dorsal Horn Receptors and Drugs Acting on Chronic Pain		33 – 36
7. Placebo Effect		37 – 39
	Section – III Assessment of Pain	41 – 68
8. Methods of Clinical Pain Assessment		43 – 49
9. Identifying Psychological Influences on Chronic Pain Problems for Assessment and Treatment		50 – 56
10. Quantitative Sensory Testing in Clinical Trials		57 – 60
11. Paediatric Pain Assessment		61 – 67
	Section – IV Pharmacology	69 – 102
12. Clinical Pharmacology of Opioids		71 – 76
13. Newer Methods of Opioid Drug Delivery		77 – 84
14. Non Steroidal Anti-Inflammatory Drugs (NSAIDs)		85 – 89
15. Psychotropic Drugs as Analgesics		90 – 93
16. Psychiatric Drugs and Management of Chronic Pain		94 – 97
17. Antiepileptic and Membrane Stabilising Drugs as Analgesics		98 – 99
18. Paediatric Analgesic Pharmacology		100 – 102
	Section – V Cancer Pain	103 – 168
19. Magnitude of Cancer Pain and Related Symptoms		105 – 109
20. Management of Cancer Pain		110 – 113
21. Treatment of Cancer Pain		114 – 124
22. Morphine Availability in India		125 – 127
23. Gastrointestinal Symptoms		128 – 134
24. Advanced Malignancy–Urinary Cardiorespiratory and other Symptoms		135 – 140
25. Neuropsychological Symptoms in Cancer		141 – 143

26. Advanced Malignancy : Special Problems	144 – 146
27. Cancer : Children and Elderly Patients	147 – 150
28. Psychological Aspects of Cancer Pain Patients	151 – 154
29. Cancer Therapeutics	155 – 158
30. Hospice Care in Cancer Patients	159 – 160
31. Protocol for Malignant Pain Therapy	161 – 163
32. Role of Non-Government Organisations in Relief of Cancer Pain	164 – 167

Section – VI

Pain Relief in Specialities

169 – 226

33. Sedation and Pain Relief in Intensive Care Unit	171 – 176
34. Trauma and Pain	177 – 181
35. Labour Pain	182 – 188
36. Orofacial Pain: Dental, Vascular and Neuropathic Pain	189 – 197
37. Management of Pain of Pelvic Origin	198 – 204
38. Mechanism of Visceral Pain	205 – 209
39. Chronic Gastrointestinal Pain	210 – 212
40. Acute Dental Pain	213 – 215
41. Ischaemic Pain	216 – 217
42. Temporomandibular Disorders	218 – 220
43. Pain Management in AIDS	221 – 224
44. Ageing and Pain	225 – 226

Section – VII

Acute Pain

227 – 242

45. Physiological Response to Acute Pain	229 – 230
46. Acute pain Services	231 – 234
47. Post-operative Pain	235 – 239
48. Pain in Children	240 – 241

Section – VIII

Neuropathic Pain

243 – 268

49. Phantom Limb Pain	245 – 248
50. Reflex Sympathetic Dystrophies	249 – 253
51. Management of Neuropathic Pain	254 – 257
52. Cranial Neuralgias	258 – 261
53. Trigeminal Neuralgia : Current Perspectives	262 – 264
54. Treatment of Post-Herpetic Neuralgia	265 – 267

Section – IX

Low Back Pain

269 – 292

55. Low Back Pain (Neurological Aspects)	271 – 273
56. Epidural Medication for Back Pain	274 – 277
57. Surgical Management of Low Back Pain	278 – 280
58. Physical Therapy and I.F.T	281 – 284

59. Facet Block	285 – 287
60. Failed Back Surgery Syndrome	288 – 291
Section – X	293 – 318
Acute Pain in Medical Conditions	
61. Muscle Contraction Headache and Abdominal Migraine	295 – 300
62. Fibromyalgia and Myofascial Pain Syndromes	301 – 308
63. Rheumatoid Arthritis	309 – 313
64. Osteoarthritis	314 – 315
65. Frozen Shoulder and Carpal Tunnel Syndrome	316 – 318
Section – XI	319 – 330
Diagnostic Modalities in Pain	
66. Pain Imaging	321 – 324
67. Peripheral Nerve Stimulators	325 – 327
68. Thermography	328 – 329
Section – XII	331 – 374
Peripheral Nerve Blocks	
69. Peripheral Nerve Blocks General Considerations	333 – 336
70. Nerve Blocks of Head and Neck	337 – 344
71. Upper Limb Blocks	345 – 351
72. Nerve Blocks of Trunk	352 – 360
73. Nerve Blocks of Lower Limb	361 – 366
74. Neurolytic Nerve Blocks	367 – 370
75. Regional Anaesthesia and Analgesia in Children and Neonates	371 – 373
Section – XIII	375 – 404
Other Treatment Modalities	
76. Practical Aspects of Transcutaneous Electrical Nerve Stimulation Therapy	377 – 380
77. Percutaneous and Stereotactic Ablation and Pituitary Adenolysis	381 – 384
78. Chemonucleolysis Vertebroplasty, Botulinum Toxin and Spinal Endoscopy	385 – 389
79. Patient Controlled Analgesia	390 – 394
80. Specific Therapeutic Techniques in Pain Management	395 – 398
81. Alternative Complementary Therapy and Hypnosis	399 – 403
Section – XIV	405 – 411
Pain Clinic OPD Setup	
82. Pain Clinic OPD	407 – 410
83. Growth of Pain Services in India	411 – 411
Epilogue	412 – 412
Appendix	413 – 438
Index	439 – 443
