<i>Preface to the Second Edition</i>	vii
<i>Preface to the First Edition</i>	ix
<i>Syllabus</i>	xi
<i>Special Features of the Book</i>	xv

Section 1 **Introduction** **1–8**

1. Introduction to Microbiology: History of Development	3
---	---

Section 2 **General Characteristics of Microbes** **9–33**

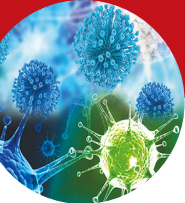

2. Morphology and Classification of Bacteria.....	11
3. Growth and Nutrition of Bacteria.....	20
4. Collection of Specimens and Identification of Bacteria.....	27

Section 3 **Infection Control and Safety** **35–59**

5. Bacteria in Health and Disease	37
6. Sterilization and Disinfection, and Biomedical Waste Management	43
7. Personal Protective Equipment and Hand Hygiene.....	53
8. Hospital-acquired Infections	56

Section 4 **Pathogenic Organisms-I Bacteria** **61–184**

9. <i>Staphylococcus</i>	63
10. <i>Streptococcus</i>	70
11. <i>Streptococcus pneumoniae</i> (Pneumococcus)	77
12. <i>Neisseria</i>	82
13. <i>Corynebacterium diphtheriae</i>	87
14. <i>Bacillus anthracis</i>	93
15. <i>Clostridium</i> (Gas Gangrene, Food-Poisoning and Tetanus).....	96
16. Non-sporing Anaerobes.....	105
17. <i>Mycobacterium</i> (Tuberculosis and Leprosy)	110
18. Spirochaetes	118
19. Enterobacteriaceae: <i>Escherichia</i> , <i>Klebsiella</i> and Other Genera	126
20. <i>Proteus</i> , <i>Morganella</i> and <i>Providencia</i>	134
21. <i>Shigella</i>	138
22. <i>Salmonella</i>	143

Essentials of Applied Microbiology for BSc Nursing

23.	<i>Yersinia</i>	149
24.	<i>Vibrio cholerae</i>	152
25.	<i>Pseudomonas</i>	157
26.	<i>Haemophilus influenzae</i> and <i>Bordetella pertussis</i>	160
27.	<i>Brucella</i>	165
28.	<i>Mycoplasma</i> and <i>Ureaplasma</i>	168
29.	<i>Rickettsia</i> , <i>Orientia</i> , <i>Ehrlichia</i> , <i>Anaplasma</i> , <i>Neorickettsia</i> , <i>Coxiella</i> and <i>Bartonella</i>	172
30.	<i>Chlamydia</i> and <i>Chlamydophila</i>	178
31.	<i>Actinomycetes</i>	182
Section 5 Pathogenic Organisms-II Viruses		185–223
32.	General Properties of Viruses	187
33.	Smallpox and Herpesviruses	193
34.	Polioviruses and Rhinoviruses	199
35.	Rabies Virus	202
36.	Orthomyxoviruses and Paramyxoviruses	206
37.	Rubella and Flaviviruses	210
38.	Human Immunodeficiency Virus	213
39.	Hepatitis Viruses	217
Section 6 Pathogenic Organisms-III Fungi		225–237
40.	Medical Mycology	227
Section 7 Pathogenic Organisms-IV Parasites and Medically Important Arthropods		239–275
41.	Commonly Seen Protozoans and Helminths	241
42.	Medically Important Arthropods	272
Section 8 Immunity		277–314
43.	Immunity	279
44.	Antigen and Antibody	286
45.	Antigen-Antibody Reactions	294
46.	Hypersensitivity and Autoimmunity	306
47.	Prophylactic Immunization	312
Section 9 Miscellaneous		315–319
48.	Antimicrobial Stewardship	317
49.	Blood and Blood Transfusion Policy	320
50.	Healthcare Worker Immunization Programme, Needle Stick Injuries and Prevention, and Post-exposure Prophylaxis	321
51.	Overview of Microbiology	323
INDEX		331–342
