## SECTION I INTRODUCTION TO PHYSICAL AND FUNCTIONAL DIAGNOSIS

|                  |  |              |
|------------------|--|--------------|
| <b>Chapter 1</b> | <b>Physical and Functional Assessment as a Diagnostic Tool .....</b>   | <b>3–11</b>  |
|                  | <i>Manu Goyal, Kanu Goyal, Neha Sharma</i>   |              |
|                  | <ul style="list-style-type: none"> <li>• Introduction 4</li> <li>• Scope of Physical and Functional Assessment 4</li> <li>• Principles for Effective Assessment 4</li> <li>• Components of Assessment 5</li> <li>• Integrating Assessment Findings 5</li> <li>• Strategies for Effective Assessment 7</li> </ul>   |              |
| <b>Chapter 2</b> | <b>Introduction to International Classification of Functioning, Disability and Health .....</b>  | <b>13–20</b> |
|                  | <i>Navjyotkumar S Trivedi</i>  |              |
|                  | <ul style="list-style-type: none"> <li>• Introduction 14</li> <li>• Uses of ICF 14</li> <li>• Models of Health and Disability 14</li> <li>• Core Components of ICF Framework 15</li> <li>• ICF Coding Structure 17</li> <li>• ICF Checklist 18</li> </ul>  |              |
| <b>Chapter 3</b> | <b>Clinical Decision Making in Physiotherapy Practice .....</b>  | <b>21–28</b> |
|                  | <i>Megha S Sheth, Priyal P Bhatt</i>   |              |
|                  | <ul style="list-style-type: none"> <li>• Introduction 22</li> <li>• Models of Clinical Decision Making 22</li> <li>• Clinical Reasoning 23</li> <li>• Biopsychosocial Approach to Patient Management 24</li> <li>• Factors Influencing Clinical Decision Making 24</li> <li>• Assessment in Physiotherapy 25</li> <li>• Diagnosis in Physiotherapy 26</li> <li>• Shared Decision-Making 26</li> <li>• Use of Artificial Intelligence in Clinical Decision Making 26</li> </ul> |              |

**SECTION II ASSESSMENT OF MUSCULOSKELETAL DYSFUNCTION****PART A PHYSICAL ASSESSMENT**

|                  |  |                |
|------------------|--|----------------|
| <b>Chapter 4</b> | <b>Musculoskeletal SOAP Assessment Format</b> .....  | <b>31–41</b>   |
|                  | <i>Dharmang D Vyas</i>   |                |
|                  | <ul style="list-style-type: none"> <li>• Introduction 32</li> <li>• SOAP Format 32</li> <li>• Subjective Assessment 32</li> <li>• Objective Assessment 36</li> <li>• Assessment 38</li> <li>• Planning 38</li> <li>• Clinical Indications 39</li> <li>• Clinical Relevance 39</li> </ul>   |                |
| <b>Chapter 5</b> | <b>Pain Assessment</b> .....   | <b>43–61</b>   |
|                  | <i>Megha Ashish Modi</i>   |                |
|                  | <ul style="list-style-type: none"> <li>• Introduction 44</li> <li>• Anatomy 44</li> <li>• Physiology 45</li> <li>• Mechanism of Pain Conduction 46</li> <li>• Modulation of Pain 46</li> <li>• Types of Pain 47</li> <li>• Descriptors of Pain 48</li> <li>• Pain Assessment 48</li> <li>• Tools for Pain Assessment 50</li> <li>• Clinical Guidelines for Pain Assessment 56</li> <li>• Clinical Indications 58</li> <li>• Clinical Relevance 58</li> <li>• Case Study 58</li> </ul>  |                |
| <b>Chapter 6</b> | <b>Active and Passive Movements</b> .....  | <b>63–75</b>   |
|                  | <i>Shailendra Mehta</i>  |                |
|                  | <ul style="list-style-type: none"> <li>• Introduction 64</li> <li>• Types of Movement 64</li> <li>• Importance of Assessing Active and Passive Movements 64</li> <li>• Accessory Movements 65</li> <li>• End Feel 70</li> <li>• Interpretation 72</li> <li>• Clinical Application 73</li> <li>• Documentation 74</li> <li>• Reporting 74</li> </ul>  |                |
| <b>Chapter 7</b> | <b>Limb Length and Girth Measurement</b> .....   | <b>77–87</b>   |
|                  | <i>Megha Ashish Modi, Sahil S Rathod</i>   |                |
|                  | <ul style="list-style-type: none"> <li>• Introduction 78</li> <li>• Limb Length Discrepancy 78</li> <li>• Girth Measurement 80</li> <li>• Errors in Measurement 84</li> <li>• Clinical Implications 85</li> <li>• Clinical Relevance 86</li> </ul>   |                |
| <b>Chapter 8</b> | <b>Muscle Length Testing</b> .....   | <b>89–104</b>  |
|                  | <i>Dharmang D Vyas</i>   |                |
|                  | <ul style="list-style-type: none"> <li>• Introduction 90</li> <li>• Principles 90</li> <li>• Procedure 90</li> <li>• Muscle Length Testing of the Upper Extremity 90</li> <li>• Muscle Length Testing of the Lower Extremity 97</li> <li>• Clinical Relevance 102</li> </ul>   |                |
| <b>Chapter 9</b> | <b>Manual Muscle Testing</b> .....   | <b>105–126</b> |
|                  | <i>Megha Ashish Modi, Sahil S Rathod</i>   |                |
|                  | <ul style="list-style-type: none"> <li>• Introduction 106</li> <li>• Principles 106</li> <li>• Grading 108</li> <li>• Factors Affecting Muscle Strength 110</li> <li>• Techniques for Assessment Using Manual Muscle Testing 110</li> <li>• Documentation and Reporting 118</li> <li>• General Guidelines 119</li> <li>• Role of Manual Muscle Testing in Diagnosis and Treatment Planning 120</li> <li>• Clinical Relevance 120</li> <li>• Other Assessment Tools 120</li> <li>• Functional Strength Testing 121</li> <li>• Case Study 122</li> </ul> |                |

|                                     |   |                |
|-------------------------------------|---|----------------|
| <b>Chapter 10</b>                   | <b>Assessment of Hand Function</b> .....  | <b>127–136</b> |
|                                     | <i>Amit Sharma</i>  |                |
|                                     | <ul style="list-style-type: none"> <li>• Introduction 128</li> <li>• Bones of the Hand 128</li> <li>• Joints of the Hand 128</li> <li>• Muscles of the Hand 128</li> <li>• Techniques for Assessment 129</li> <li>• Tools and Scales to Assess Hand Functions 132</li> <li>• Scoring and Interpretation 133</li> <li>• Clinical Applications 134</li> <li>• Relevance 134</li> </ul>                                  |                |
| <b>Chapter 11</b>                   | <b>Assessment of Posture</b> .....  | <b>137–146</b> |
|                                     | <i>Amit Sharma</i>  |                |
|                                     | <ul style="list-style-type: none"> <li>• Introduction 138</li> <li>• Posture 138</li> <li>• Mechanism of Postural Control 138</li> <li>• Posture Assessment 138</li> <li>• Interpretation 143</li> <li>• Clinical Indications and Applications 143</li> <li>• Clinical Relevance 144</li> <li>• Case Studies 144</li> </ul>   |                |
| <b>Chapter 12</b>                   | <b>Gait Assessment</b> .....  | <b>147–156</b> |
|                                     | <i>Shailendra Mehta</i>   |                |
|                                     | <ul style="list-style-type: none"> <li>• Introduction 148</li> <li>• Mechanics of Normal Gait Cycle 148</li> <li>• Techniques for Gait Assessment 149</li> <li>• Interpretations 153</li> <li>• Clinical Indications 154</li> <li>• Clinical Relevance 154</li> </ul>   |                |
| <b>Chapter 13</b>                   | <b>Special Tests for Cervical Spine and Upper Extremity</b> .....   | <b>157–172</b> |
|                                     | <i>Purvi Patel, Neha Mukkamala</i>  |                |
|                                     | <ul style="list-style-type: none"> <li>• Introduction 158</li> <li>• Assessment Techniques and Interpretations 158</li> <li>• Clinical Indications 168</li> <li>• Clinical Relevance 169</li> <li>• Case Studies 170</li> </ul>   |                |
| <b>Chapter 14</b>                   | <b>Special Tests for Trunk and Lower Extremity</b> .....  | <b>173–187</b> |
|                                     | <i>Purvi Patel, Neha Mukkamala</i>  |                |
|                                     | <ul style="list-style-type: none"> <li>• Introduction 174</li> <li>• Assessment Techniques and Interpretations 174</li> <li>• Clinical Indications 183</li> <li>• Clinical Relevance 184</li> <li>• Case Studies 185</li> </ul>   |                |
| <b>PART B FUNCTIONAL ASSESSMENT</b> |   |                |
| <b>Chapter 15</b>                   | <b>Neck Disability Index</b> .....  | <b>189–195</b> |
|                                     | <i>Himanshu Mathur</i>  |                |
|                                     | <ul style="list-style-type: none"> <li>• Introduction 190</li> <li>• Components 190</li> <li>• Time 191</li> <li>• Scoring 191</li> <li>• Interpretations 192</li> <li>• Reliability 192</li> <li>• Validity 192</li> <li>• Indications 192</li> <li>• Usability 192</li> <li>• Clinical Applications 193</li> <li>• Physiotherapy Implications 193</li> </ul>  |                |
| <b>Chapter 16</b>                   | <b>Shoulder Pain and Disability Index</b> .....   | <b>197–202</b> |
|                                     | <i>Himanshu Mathur, Samta Gandhi</i>  |                |
|                                     | <ul style="list-style-type: none"> <li>• Introduction 198</li> <li>• Components 198</li> <li>• Assessment Scale Details 198</li> <li>• Time 199</li> <li>• Scoring 199</li> <li>• Interpretation 199</li> <li>• Reliability and Validity 199</li> <li>• Indications 200</li> <li>• Usability 200</li> <li>• Limitations 200</li> <li>• Clinical Applications 200</li> <li>• Physiotherapy Implications 200</li> </ul> |                |

**Chapter 17 Upper Extremity Functional Index ..... 203–210***Atul Kumar Singh, Vikram Yadav, Jatin Maheshwari*

- Introduction 204
- Components 204
- Assessment Scale Details 204
- Time 206
- Scoring 206
- Interpretation 207
- Reliability 207
- Validity 207
- Indications 207
- Usability 208
- Limitations 208
- Clinical Application 208
- Physiotherapy Implications 209

**Chapter 18 Disabilities of the Arm, Shoulder and Hand Score ..... 211–218***Atul Kumar Singh, Avtar Gurjar, Piyush Dhaked*

- Introduction 212
- Components 212
- Assessment Scale Details 212
- Time 214
- Scoring and Interpretation 214
- Reliability 215
- Validity 215
- Indications 215
- Clinical Applications 216
- Physiotherapy Implications 216
- Limitations 216

**Chapter 19 Patient-Rated Tennis Elbow Evaluation Scale ..... 219–225***Meena Makhija, Chitra Kataria*

- Introduction 220
- Purpose and Significance 220
- Components 220
- Assessment Scale Details 221
- Time 221
- Scoring and Interpretation 221
- Reliability 222
- Validity 222
- Indications 222
- Usability 222
- Limitations 223
- Clinical Applications 223
- Physiotherapy Implications 223

**Chapter 20 Patient-Rated Wrist Evaluation ..... 227–233***Chitra Kataria, Meena Makhija*

- Introduction 228
- Components 228
- Assessment Scale Details 229
- Time 230
- Scoring and Interpretation 230
- Reliability 230
- Validity 230
- Indications 231
- Usability 231
- Limitations 231
- Clinical Applications 231
- Physiotherapy Implications 232

**Chapter 21 Oswestry Disability Index ..... 235–241***Himakshi Bhattacharya*

- Introduction 236
- Components 236
- Assessment Scale Details 237
- Time 238
- Scoring and Interpretation 238
- Reliability 238
- Validity 238
- Indications 238
- Usability 239
- Limitations 239
- Clinical Applications 239
- Physiotherapy Implications 240

|                   |   |                |
|-------------------|---|----------------|
| <b>Chapter 22</b> | <b>Back Pain Functional Scale</b> .....   | <b>243–250</b> |
|                   | <i>Gayathri, Ruchi Varshney</i>   |                |
|                   | <ul style="list-style-type: none"> <li>• Introduction 244</li> <li>• Purpose and Significance 244</li> <li>• Components 244</li> <li>• Assessment Scale Details 245</li> <li>• Time 245</li> <li>• Scoring 245</li> <li>• Interpretation 246</li> <li>• Indications 246</li> <li>• Usability 246</li> <li>• Reliability 247</li> <li>• Validity 247</li> <li>• Limitations and Considerations 247</li> <li>• Clinical Applications 248</li> <li>• Physiotherapy Implications 248</li> </ul> |                |
| <b>Chapter 23</b> | <b>Hip Disability and Osteoarthritis Outcome Score</b> .....  | <b>251–260</b> |
|                   | <i>Arun Pathak</i>  |                |
|                   | <ul style="list-style-type: none"> <li>• Introduction 252</li> <li>• Components 252</li> <li>• Assessment Scale Details 253</li> <li>• Time 255</li> <li>• Scoring 255</li> <li>• Interpretation 256</li> <li>• Reliability 256</li> <li>• Validity 257</li> <li>• Indications 257</li> <li>• Limitations 258</li> <li>• Clinical Applications 258</li> <li>• Physiotherapy Implications 258</li> </ul>   |                |
| <b>Chapter 24</b> | <b>Lower Extremity Functional Scale</b> .....   | <b>261–267</b> |
|                   | <i>Amit Sharma, Charu Sharma</i>  |                |
|                   | <ul style="list-style-type: none"> <li>• Introduction 262</li> <li>• Components 262</li> <li>• Assessment Scale Details 262</li> <li>• Time 263</li> <li>• Scoring 263</li> <li>• Interpretations 263</li> <li>• Reliability 263</li> <li>• Validity 263</li> <li>• Indications 264</li> <li>• Limitations 265</li> <li>• Clinical Applications 265</li> <li>• Physiotherapy Implications 265</li> </ul>  |                |
| <b>Chapter 25</b> | <b>Western Ontario and McMaster Universities Osteoarthritis Index</b> .....   | <b>269–276</b> |
|                   | <i>Nandini Kushwaha, Shefali Walia</i>  |                |
|                   | <ul style="list-style-type: none"> <li>• Introduction 270</li> <li>• Components 270</li> <li>• Assessment Scale Details 271</li> <li>• Time 272</li> <li>• Scoring 272</li> <li>• Interpretation 273</li> <li>• Reliability 273</li> <li>• Validity 273</li> <li>• Indications 274</li> <li>• Limitations 274</li> <li>• Clinical Applications 275</li> <li>• Physiotherapy Implications 275</li> </ul>   |                |
| <b>Chapter 26</b> | <b>International Knee Documentation Committee Subjective Knee Evaluation Form</b> .....   | <b>277–283</b> |
|                   | <i>Megha Ashish Modi, Sahil S Rathod</i>  |                |
|                   | <ul style="list-style-type: none"> <li>• Introduction 278</li> <li>• Components 278</li> <li>• Assessment Scale Details 279</li> <li>• Time 280</li> <li>• Scoring 280</li> <li>• Interpretations 280</li> <li>• Reliability 281</li> <li>• Validity 281</li> <li>• Indications 281</li> <li>• Limitations 281</li> <li>• Clinical Applications 281</li> <li>• Physiotherapy Implications 281</li> </ul>  |                |
| <b>Chapter 27</b> | <b>Foot and Ankle Outcome Score</b> .....   | <b>285–294</b> |
|                   | <i>Madhusudan Tiwari, Prakash Pandey</i>  |                |
|                   | <ul style="list-style-type: none"> <li>• Introduction 286</li> <li>• Components 286</li> <li>• Assessment Scale Details 287</li> <li>• Time 290</li> <li>• Scoring 290</li> <li>• Interpretation 290</li> <li>• Reliability 291</li> <li>• Validity 291</li> <li>• Indications 291</li> <li>• Limitations 292</li> <li>• Clinical Applications 292</li> <li>• Physiotherapy Implications 293</li> </ul>   |                |

**Chapter 28 Foot Function Index ..... 295–301***Madhusudan Tiwari, Prakash Pandey*

- Introduction 296
- Components 296
- Assessment Scale Details 296
- Time 297
- Scoring 297
- Interpretation 298
- Reliability 298
- Validity 298
- Indications 299
- Limitations 299
- Usability 299
- Clinical Applications 300
- Physiotherapy Implications 300

**SECTION III ASSESSMENT OF NEUROMUSCULAR DYSFUNCTION****PART A PHYSICAL ASSESSMENT****Chapter 29 Neuromuscular SOAP Assessment Format ..... 305–318***Mohammad Sidiq, Jyoti Sharma*

- Introduction 306
- SOAP Format 306
- Subjective Assessment 306
- Objective Assessment 307
- Clinical Relevance 316

**Chapter 30 Assessment of Higher Mental Functions ..... 319–327***Aafreen*

- Introduction 320
- Definition 320
- Neurobiology 320
- Techniques for Assessment 321
- Interpretation of Findings 323
- Clinical Relevance 324
- Importance of Accurate and Comprehensive Assessment 324
- Case Studies 325

**Chapter 31 Assessment of Cranial Nerves ..... 329–344***R Harihara Prakash, Ershadali Ansari*

- Introduction 330
- Anatomy and Physiology of Cranial Nerves 330
- CN I—Olfactory Nerve 332
- CN II—Optic Nerve 333
- CN III—Oculomotor, CN IV—Trochlear and CN VI—Abducens 335
- CN V—Trigeminal Nerve 336
- CN VII—Facial Nerve 337
- CN VIII—Vestibulocochlear Nerve 338
- CN IX—Glossopharyngeal Nerve and CN X—Vagus Nerve 339
- CN XI—Spinal Accessory Nerve 340
- CN XII—Hypoglossal Nerve 341
- Grading 342
- Clinical Indications 342
- Clinical Applications 342
- Case Studies 343

**Chapter 32 Sensations and Sensory Organization Assessment ..... 345–360***R Harihara Prakash, Ershadali Ansari*

- Introduction 346
- Anatomy and Physiology of Sensation 346
- Classification of Sensory System 347
- Pathways for Transmission of Somatic Sensory Signals 348
- Sensory Examination 350
- Grading 355
- Sensory Organization 355
- Interpretation 356
- Clinical Relevance 357
- Case Studies 358

|                   |   |   |
|-------------------|---|---|
| <b>Chapter 33</b> | <b>Body Image Assessment</b> .....  | <b>361–371</b>  |
|                   | <i>Sukhpreet Pabla</i>  |   |
|                   | <ul style="list-style-type: none"> <li>• Introduction 362</li> <li>• Theories and Models of Body Image 362</li> <li>• Techniques for Assessment 363</li> </ul>  | <ul style="list-style-type: none"> <li>• Clinical Indications 369</li> <li>• Clinical Relevance 369</li> </ul>  |

| <b>Chapter 39</b> | <b>Assessment of Trick Movements</b> .....  | <b>427–431</b>  |
|                   | <i>Megha Ashish Modi, Sahil S Rathod</i>  |   |
|                   | <ul style="list-style-type: none"> <li>• Introduction 428</li> <li>• Causes 428</li> <li>• Types 428</li> <li>• Physiotherapy Assessment 428</li> </ul>   | <ul style="list-style-type: none"> <li>• Strategies to Correct Trick Movements 430</li> <li>• Clinical Indications 430</li> <li>• Clinical Relevance 430</li> </ul>             |

**Chapter 40 Gait Deficits in Neurological Conditions ..... 433–447***Megha Ashish Modi, Anchit Gugnani*

- Introduction 434
- Mechanism 434
- Techniques for Assessment 436
- Gait Disturbances 440
- Clinical Relevance 442
- Physical Therapy for Improving Gait 443
- Case Study 445

**PART B FUNCTIONAL ASSESSMENT****Chapter 41 Glasgow Outcome Scale ..... 449–457***Danishtha, Mayank Kumar*

- Introduction 450
- Components 450
- Assessment Scale Details 450
- Time 451
- Scoring 451
- Interpretation 451
- Reliability 452
- Validity 452
- Indications 453
- Limitations 453
- Usability 453
- Clinical Applications 454
- Physiotherapy Implications 455

**Chapter 42 Berg Balance Scale ..... 459–468***Simrah Pathan, Ajeet Kumar Saharan*

- Introduction 460
- Components 460
- Assessment Scale Details 460
- Time 463
- Scoring and Interpretation 463
- Reliability 464
- Validity 464
- Indications 464
- Limitations and Considerations 465
- Physiotherapy Implications 466

**Chapter 43 Mini-Mental State Examination ..... 469–474***Megha Mehta*

- Introduction 470
- Components 470
- Assessment Scale Details 471
- Indications 471
- Time 471
- Scoring and Interpretation 471
- Usability 472
- Reliability and Validity 472
- Limitations 472
- Clinical Applications 472
- Physiotherapy Implications 473

**Chapter 44 Functional Independence Measure ..... 475–482***Anchit Gugnani, Nandini Kushwaha, Neha Vyas*

- Introduction 476
- Components 476
- Assessment Scale Details 477
- Time 478
- Scoring and Interpretation 478
- Reliability 479
- Validity 479
- Indications 479
- Limitations 480
- Clinical Applications 480
- Physiotherapy Implications 480

**Chapter 45 Modified Ashworth Scale ..... 483–489***Simrah Pathan, Anchit Gugnani*

- Introduction 484
- Assessment Scale Details 484
- Time 485
- Scoring 485
- Interpretation 485
- Reliability 486
- Validity 486
- Indications 486
- Limitations 486
- Clinical Applications 487
- Physiotherapy Implications 487

**Chapter 52 Stroke Rehabilitation Assessment of Movement ..... 549–559***Ashutosh Sharma, Surendra Kumar Meena, Akshat Mathur*

- Introduction 550
- Components 550
- Assessment Scale Details 551
- Time 554
- Scoring and Interpretation 554
- Reliability 554
- Validity 555
- Indications 556
- Limitations 556
- Clinical Applications 557
- Physiotherapy Implications 557

**SECTION IV ASSESSMENT OF CARDIOPULMONARY DYSFUNCTION****PART A PHYSICAL ASSESSMENT****Chapter 53 Cardiopulmonary SOAP Assessment Format ..... 563–580***Parthkumar Devmurari*

- Introduction 564
- Anatomy and Physiology 564
- SOAP Format 565
- Common Respiratory Manifestations 566
- Common Respiratory Investigations 570
- ICF-Based Physical Diagnosis 575
- Clinical Applications 576
- Clinical Relevance 576
- Case Studies 576

**Chapter 54 Evaluation of Vital Signs ..... 581–589***Senthil Purushothaman, K C Gayathri*

- Introduction 582
- Anatomy and Physiology 582
- Body Temperature 582
- Heart Rate (Pulse) 583
- Respiratory Rate 584
- Blood Pressure 585
- Oxygen Saturation 585
- Combination Analysis 586
- Clinical Relevance 587
- Documentation and Reporting 587
- Best Practices 587

**Chapter 55 Chest Expansion Assessment ..... 591–596***Aasma Sharma, Anchit Gugnani*

- Introduction 592
- Physiology of Chest Expansion 592
- Three-Level Measurement Procedure 593
- Scoring/Grading 593
- Interpretations 593
- Clinical Implications and Significance 594
- Clinical Relevance 594

**Chapter 56 Chest Excursion Assessment ..... 597–604***Kanchan Sugandhi, Nandini Kushwaha*

- Introduction 598
- Mechanism 598
- Methods of Assessment 598
- Grading 601
- Interpretation 601
- Clinical Indications/Applications 602
- Clinical Relevance 602
- Case Studies 602

**Chapter 57 Breath Sounds Assessment ..... 605–610***Parthkumar Devmurari*

- Introduction 606
- Stethoscope 606
- Assessment 606
- Breath Sounds 607
- Clinical Relevance 608
