Foreword by Dr N Thajuddin
Preface

vii
ix

I. INTELLECTUAL PROPERTY RIGHTS

1. Intellectual Property Rights: An Introduction	3
1.1 Property Definition	3
1.2 Subject Matter Covered Under IPR	3
1.3 Why Countries have to Promote Laws to Protect Intellectual Property?	4
1.4 Brief History of Intellectual Property	4
1.5 Categories of Intellectual Property	4
1.6 Territoriality of Intellectual Property	7
1.7 Importance of Intellectual Property Rights	7
1.8 Brief Outline of International Conventions and Treaties	8
1.9 Advantages and Disadvantages of IPR	9
1.10 Intellectual Property-Rights Indian Scenario	10
2. Conventions and Treaties Related to Intellectual Property Rights	12
2.1 General Agreement on Tariffs and Trade	12
2.2 World Trade Organization	12
2.3 World Intellectual Property Organization (WIPO)	13
2.4 IP Protection	13
2.5 Global Protection System	17
3. Copyrights, Related Rights and Trademarks	19
3.1 List of Human Intellect Protected Under Copyright	19
3.2 Uses of Copyrights	20
3.3 Transfer of Copyright	20
3.4 Types of Rights of Translation and Adaptation	21
3.5 Limitation by the Copyright Law	21
3.6 Related Rights	21
3.7 Trademarks	23
3.8 Trademark Registration in India	28
3.9 Conventions Related to Copyright Related Rights and Trademarks	29
4. Patent and Patenting Authorities	30
4.1 Historical Perspective of Patents	30
4.2 Facts about Patent	32
4.3 Criteria of Patents	32
4.4 Types of Inventions that are Patentable	32
4.5 Types of Inventions that are Non-patentable	33
4.6 Nature of Patents	33

4.7 Advantages of Patent	34
4.8 Beneficiaries out of Patents	34
4.9 Types of Patents	34
4.10 Procedure for Obtaining Patent	35
4.11 Structure of Patent Document	37
4.12 International Patent Classification (IPC)	37
4.13 Prior to Filing Patents (Don't s)	37
4.14 Patent Cooperation Treaty (PCT)	38
4.15 Role of WIPO in the PCT	38
4.16 Patentable Biotechnological Products	39
4.17 Patent offices in India	39
4.18 Patent Applications in Global Scenario	39
4.19 Non-disclosure Agreement	40
4.20 Trade Secrets	40
5. Industrial Design and Geographical Indications	43
5.1 Industrial Design	43
5.2 Importance of IP Protection of Industrial Designs	43
5.3 Obtain Industrial Design Rights	43
5.4 Benefits of Protecting Industrial Designs	44
5.5 Geographical Indications	45
5.6 Registration Geographical Indications	45
5.7 Registration Process of GIs	46
5.8 Difference between Trademark and Geographical Indications	47
5.9 Role of Geographical Indicators in Rural Development	48
6. Intellectual Property Rights and Biodiversity	49
6.1 Economic Benefits of Biodiversity	49
6.2 Convention of Biological Diversity	49
6.3 Primary Methods of Protecting Plants and their Products	52
6.4 Plant Variety Protection in India	53
6.5 Intellectual Property Issues and Plants	54
6.6 Traditional Knowledge and IP Protection	55
6.7 Traditional Knowledge Digital Library (TKDL)	56
6.8 Herbal Formulation of Arogyapacha (<i>Trichopus zeylanicus</i> Gaertn)	57
6.9 National Biodiversity Authority (NBA)	58
7. Intellectual Property Rights and Biotechnology	60
7.1 History	60
7.2 Patentable Biotechnological Inventions	60
7.3 Non-patentable Biotechnological Inventions	60
7.4 Claims of Biotechnological Inventions	61
7.5 Patenting of Transgenic Animals	61
7.6 Gene Patenting	61
7.7 Patenting of Microorganisms and Cells	63
7.8 Diamond vs Chakrabarty 447 US 303	63
7.9 Patenting Microorganisms in India	64
7.10 Scope of Patent in Biotechnology Industry	64
7.11 Bioinformatics Patenting	64

7.12 Importance of IP Protection of Biological Material	65
7.13 Government of India Initiative for Promotion of Biotech Innovation	65
8. Intellectual Property for Computer and Computer Programs	67
8.1 Importance of IP Protection of Computer Software	67
8.2 Types of Intellectual Property Protection for Computer Software	67
8.3 Types of Software	68
8.3 Protecting Software Under Trade Secret	69
8.4 Semiconductor Integrated Circuits Layout-Design Act (SICLDA)	70
8.5 3D Printing	71
9. Intellectual Property Rights in Pharmaceutical and Medicine	73
9.1 Patentable Products in the Health Sector	73
9.2 Non-patentable Products in Health Sector	74
9.3 Importance of IPR in Pharmaceutical Industry	75
9.4 Types of IPR Involved in the Health Sector	75
9.5 IPR and Indian Pharma Industries	76
9.6 Pharma Patents	76
9.7 Patent Licenses	77
10. Intellectual Property Rights in Indian Scenario	79
10.1 Historical Perspectives of IPR in India	79
10.2 Patent Act, 1970 and its Salient Features	79
10.3 Patents (Amendment) Act, 2002 and its Salient Features	80
10.4 Patents (Amendment) Act, 2005 and its Salient Features	80
10.5 National Intellectual Property Rights Policy, 2016	80
10.6 Patents (Amendment) Rules, 2021	81
10.7 Central Government Institutions/Schemes/Programmes	81
10.8 Kalam Program for IP Literacy and Awareness Program of IIC	82
10.9 State Government Schemes	83
11. Practical Approaches to IPR Searching	85
11.1 The Importance of Patents in Research and Development	85
11.2 Procedure for Copyright Registration	86
11.3 Procedure for Registering a Design in India	86
11.4 Procedure for Patent Application	87
II. BIOSAFETY	
12. Biosafety: Introduction	91
12.1 Conventions and Protocol on Biosafety	91
12.2 Biosafety Guidelines	92
12.3 Levels of Biosafety	95
13. Biosafety for Handling Microorganisms	97
13.1 Handling Microorganisms in the Laboratory	97
13.2 Infectious Microbes	97
13.3 Maintenance of Laboratory	98
13.4 Procedures for Disinfection and Sterilization	100

14. Biosafety in Healthcare	103
14.1 Waste Generated in the Healthcare Sector	103
14.2 Hazards by Healthcare Waste	103
14.3 Types of Bio-hazardous Waste	104
14.4 Transportation of Biological Materials	106
14.5 Stages of Medical Waste Disposal	107
14.6 Radiation Exposure Protection	108
14.7 Biosafety Handling of Dead Bodies of Suspected/confirmed Ebola Virus Disease (EVD)	109
14.8 WHO Guidance for the Use of PPE	110
15. Biosafety in Chemical Laboratories	112
15.1 General Laboratory Safety Procedures	112
15.2 Laboratory Safety Training	112
15.3 Common Laboratory Injuries	113
15.4 Laboratory Security	113
15.5 Chemical Handling in Laboratory	117
16. Biosafety and Genetically Modified Organisms	119
16.1 Brief History of GM Crops	119
16.2 Environmental Risks by use of GMOs	120
16.3 Horizontal Transfer of Recombinant Genes to Other Microorganisms	120
16.4 Transgenic Organisms	121
16.5 Regulatory Measures for Biosafety	121
16.6 Transgenics and Biosafety Issues	121
16.7 Assessment of Allergenicity by Genetically Modified Food	123
17. Biosafety: Regulatory Bodies, Guidelines and Databases	126
17.1 The Generic Mandate of Biosecurity at the National Level	126
17.2 Implementation of Biosecurity Approaches	126
17.3 International Regulatory Bodies	126
17.4 Biosafety Boards Operating in India	128
17.5 Biosafety Guidelines—Indian Organization	130
17.6 Food and Safety Standard Act, 2006	131
17.7 The Agricultural Biosecurity Bill, 2013	132
17.8 Web Resources and Databases on Biosafety	132
18. World Health Organization and Epidemics	134
18.1 WHO—Historical Perspective	134
18.2 Epidemics of the 21st Century	134
18.3 Factors Causing Epidemics Diseases	135
18.4 Cause of Epidemics	135
18.5 Epidemics of Rumours: A New Risk to Health	135
18.6 Dynamics of Transmission	136
18.7 Elements of Epidemic Disease Response	136
18.8 Basic Protective Measures Against Coronavirus COVID-19	137
18.9 International Coordinating Group	137

III. BIOETHICS

19. Bioethics in Intellectual Property Rights	141
19.1 Early Events in Bioethics	141
19.2 Importance of Bioethics	141
19.3 Bioethical Issues	142
19.4 Bioethics Principles	142
19.5 Areas Subject to Ethical Issues	143
19.6 Bioethics in Cloning	143
19.7 Bioethical Issues and Conflicts in the Development of GMOs	144
19.8 Ethical Issues in Different Transgenic Organisms	144
19.9 Significant Issues Related to Bioethics	146
19.10 Bioethics Committee	146
19.11 Ethics Committees in India	147
20. Environmental Ethics	148
20.1 Types of Environmental Ethics	148
20.2 Importance of Environmental Ethics	148
20.3 Principles of Environmental Ethics	148
20.4 Eco-spirituality	150
20.5 Deep Ecology	150
20.6 Ethical Guidelines to Work with Earth	150
20.7 Ecofeminism	151
20.8 Ecolabelling	151
20.9 National Green Tribunal of India	153
21. Bioethics in Health Sector	155
21.1 Indian Council of Medical Research (ICMR-2017)	155
21.2 Ethics in Medical Research	156
21.3 Clinical Drug/Vaccine Development	157
21.4 Bioequivalence/Bioavailability Research Bioavailability (BE/BA)	158
21.5 Clinical Trials of Interventions in HIV/AIDS	159
21.6 Clinical Trials on Traditional Systems of Medicine	159
21.7 Biomedicine and Bioethical Issues	160
22. Research Ethics	163
22.1 Objectives in Research Ethics	163
22.2 Principle Related Publication Ethics	163
22.3 Moral Principles for Conduction of Research	164
22.4 Responsible Research in the Health Sciences	165
22.5 Authorship and Publication	165
22.6 Types of Plagiarism	166
22.7 Ethical Conventions of Publications	167
22.8 Consortium for Academic and Research Ethics (CARE)-UGC	168
<i>Glossary</i>	171
