<i>Colour Plates</i>	<i>Between Page No. x and 1</i>
----------------------	---------------------------------

Section I: Operation Theatre

1. <u>Introduction to Operation Theatre</u>	2
2. <u>Layout of Operation Theatre</u>	8
3. <u>Sterilization of Operation Theatre</u>	15
4. <u>Operation Theatre Hazards</u>	21

Section II: Operation Theatre Personnel

5. <u>Operation Theatre Team Members</u>	25
6. <u>Duties of Operation Theatre Technologists</u>	28

Section III: Infection Control Measures

7. <u>Infection Control and Operating Room Protocols</u>	32
8. <u>Universal (Standard) Precautions</u>	37
9. <u>Infection Control Programme</u>	38
10. <u>Surgical Safety Checklist</u>	40

Section IV: Sterilization Techniques

11. <u>Sterilization and Disinfection</u>	44
12. <u>Central Sterile Services Department</u>	57
13. <u>Biomedical Waste Management</u>	62

Section V: Surgical Instruments: Care and Maintenance

14. <u>Surgical Instruments</u>	71
15. <u>Sutures and Needles</u>	96
16. <u>Spaulding Classification of Instruments</u>	104

17. Sterilization of Instruments	106
18. Care and Maintenance of Surgical Instruments	111

Section VI: Equipment of Operation Theatre: Care and Maintenance

19. Operation Theatre Table and Surgical Positions	114
20. Medical Gas Supply System	121
21. Essential Machines of Operation Theatre	133
22. Anesthesia Machine	170
23. Ventilator	183
24. Breathing Systems	189
25. Oxygen Therapy	196
26. Vital Signs and their Monitoring Techniques	205
27. Airway Management Devices and Procedures	217

Section VII: Basic Techniques of Anesthesia

28. History of Anesthesia and Anesthesia Types	231
29. Types of Anesthesia Techniques	238
30. Basic Requirements in Anesthesia	241
31. General Anesthesia	250
32. Spinal Anesthesia	263
33. Epidural Anesthesia	267
34. Local Anesthesia	272
35. Premedications	274
36. Drugs Used in Intravenous Anesthesia	282
37. Drugs Used in Muscle Relaxants	288
38. Drugs Used in Inhalational Anesthesia	292
39. Drugs Used in Local Anesthesia	298
40. Monitoring in Anesthesia	307
41. Intubation and Life-supporting Drugs	311
42. Postoperative Care and Anesthesia-related Emergencies	328

Section VIII: Emergency Care Techniques

43. Basic Life Support	334
44. First Aid	351
45. Unconsciousness and its Management	372
46. Drowning	375
47. Organophosphorus Poisoning	380
48. Sedative Poisoning	382
49. Introduction to Wounds	386
50. Hemorrhage and its Management	390
51. Introduction to Shock	393
52. Fluid Therapy and Blood Transfusion	412
53. Sprain, Fracture and Dislocation	419
54. Bandaging and Dressing	423
55. Splints	429
56. Mass Casualty and Triage	434
<i>Index</i>	441
