Contributors	v
Preface	ix

Section I: GENERAL

1. Structure of Kidneys and Urinary System <i>Susan Uthup</i>	3
2. Functions of Kidneys <i>V Narayanan Unni</i>	12
3. Symptomatology and Clinical Approach <i>Vinay Sakhija, Vivekanand Jha</i>	16
4. Clinical Examination and Approach to Diseases of the Kidney and Urinary Tract <i>Vivekanand Jha, Vinay Sakhija</i>	25
5. Investigations in Renal Disease <i>R Kasi Visweswaran, KP Jayakumar</i>	33
6. Imaging of Urinary Tract <i>J Balasubramaniam</i>	46
7. Understanding Molecular Biology <i>R Kasi Visweswaran</i>	60

Section II: PEDIATRIC

8. Development of Genitourinary System <i>H Lekha</i>	71
9. Congenital Anomalies of the Kidney and Urinary Tract (CAKUT) <i>R Hema</i>	78
10. Common Renal Diseases in Children <i>Kishore Phadke, Sanjeev Gulati</i>	89
11. Rickets <i>Susan Uthup, Vimala Ammal</i>	101
12. Normal Micturition and its Disorders <i>Suresh Bhat</i>	112

Section III: GLOMERULAR DISEASES

13. Immunopathogenesis of Glomerular Diseases	121
<i>Soumita Bagchi, Sanjay Kumar Agarwal</i>	
14. Overview of Glomerular Disease and Classification	127
<i>Sanjay Kumar Agarwal</i>	
15. Nephrotic Syndrome	135
<i>N Gopalakrishnan, K Sathyasagar, C Rakesh Durai</i>	
16. Infection-Related Glomerulonephritis	152
<i>Krishan Lal Gupta, Sahil Bagai, Raja Ramachandran</i>	
17. Rapidly Progressive Glomerulonephritis and Vasculitis	157
<i>H Sudarshan Ballal, Vishvanath S, Rohan Augustine</i>	
18. Lupus Nephritis	168
<i>Sahil Bagai, HS Kohli</i>	
19. IgA Nephropathy	174
<i>Namrata Rao, Krishan Lal Gupta, Raja Ramachandran</i>	
20. Diabetic Nephropathy	179
<i>Mohit Madken, Vijay Kher</i>	
21. Amyloidosis	188
<i>Upal Sengupta</i>	

Section IV: RENAL FAILURE

22. Acute Kidney Injury	199
<i>V Sivakumar, A Sunnesh</i>	
23. Chronic Kidney Disease	211
<i>Dipankar Bhowmik, Vineet Behera</i>	

Section V: RENAL REPLACEMENT THERAPIES

24. Peritoneal Dialysis	223
<i>K Sampath Kumar</i>	
25. Hemodialysis, CRRT and Other Extracorporeal Therapies	231
<i>Ravi Shankar Bonu</i>	
26. Renal Transplantation	245
<i>Georgy K Nainan</i>	

Section VI: TUBULAR DISEASES

27. Tubulointerstitial Nephritis (Acute and Chronic)	257
<i>Raj Kumar Sharma, Sonia Mehrothra</i>	
28. Cystic Diseases of the Kidney	265
<i>OP Kalra, Deepak Jain</i>	
29. Disorders of Renal Tubular Function	273
<i>Rajesh Rajasekharan Nair</i>	

Section VII: INFECTIONS OF THE URINARY TRACT

30. Urinary Tract Infection (UTI): Defense Mechanisms and Predisposing Factors	283
<i>S Gomathy</i>	
31. Urinary Tract Infection in Adults	289
<i>M Sreelatha</i>	
32. Genitourinary Tuberculosis	298
<i>Prem Prakash Varma, Venkat Siva Tez Pinnmaneni</i>	
33. Urinary Tract Infections in Special Situations	302
<i>M Thomas Mathew, Jayant Thomas Mathew</i>	

Section VIII: HYPERTENSION

34. Control of Blood Pressure and Essential Hypertension	307
<i>Anuradha Raman, Rajeev R</i>	
35. Secondary Hypertension	313
<i>Girish Narayen</i>	
36. Management of Hypertension	324
<i>KC Gurudev</i>	

Section IX: PREGNANCY AND KIDNEYS

37. Maternal Changes in Pregnancy	335
<i>Jasmine Sethi, Manish Rathi</i>	
38. Blood Pressure Changes and Hypertensive Disorders in Pregnancy	339
<i>Manisha Sahay</i>	
39. Renal Disease and Pregnancy	345
<i>Manisha Sahay</i>	

Section X: APPROACH TO COMMON RENAL PROBLEMS

40. Approach to an Edematous Patient	355
<i>Satish Balan</i>	
41. Approach to Proteinuria	360
<i>Umesh Sharma</i>	
42. Approach to Hematuria	367
<i>Sanjay D'Cruz</i>	
43. Approach to Oliguria and Polyuria	374
<i>Sreejith Parameswaran</i>	
44. Approach to Fluid and Electrolytes Balance	384
<i>M Edwin Fernando</i>	
45. Approach to Arterial Blood Gas (ABG) Analysis	397
<i>A Vimala</i>	
46. Chronic Kidney Disease-Mineral Bone Disease (CKD-MBD) and Renal Osteodystrophy	412
<i>Dilip K Pahari, N Roychaudhuri</i>	
47. Inherited Renal Diseases	417
<i>Alan Fernandes Almeida, Richard Savio Fernandes Almeida</i>	
48. Approach to Urinary Tract Obstruction	424
<i>V Ramasubramanian</i>	
49. Approach to Renal Stone Disease	430
<i>Pinaki Mukhopadhyay</i>	
50. Asymptomatic Urinary Abnormalities	442
<i>MK Mohandas, R Kasi Visweswaran</i>	

Section XI: MISCELLANEOUS

51. Diet in Renal Diseases	449
<i>MA Muthusethupathy, Suguna Rajendran, Aruna Sathyapriya</i>	
52. Tropical Nephropathy	459
<i>Santhosh Varughese, Suceena Alexander</i>	
53. Ischemic Renal Disease	467
<i>Jacob George</i>	
54. Aging and Kidneys	471
<i>Muthu Jayaraman</i>	

55. Drugs and Kidney <i>R Ram, N Sai Sameera</i>	479
56. Obesity and Kidney <i>Narayan Prasad</i>	487
57. Renal Biopsy <i>R Kasi Visweswaran</i>	493
58. Common Urological Instrumentations <i>Suresh Bhat</i>	500
<i>Index</i>	505
