<i>Preface to the First Edition</i>	ix
<i>Acknowledgments</i>	xi
<i>Editor and Reviewers</i>	xiii
<i>Syllabus</i>	xv

Unit 1 Introduction to Mental Health Nursing 1–23

• Concept of Mental Health and Mental Illness	2
• Misconceptions Related to Mental Illness	3
• Principles of Mental Health Nursing	4
• Definitions of Terms Used in Psychiatry	8
• Review of Defense Mechanisms	14
• Mental Health Team	17

Unit 2 History of Psychiatry 24–31

• History of Psychiatric Nursing	25
• Trends in Psychiatric Nursing	27
• National Mental Health Programme	28

Unit 3 Mental Health Assessment 32–49

• Introduction	33
• Nursing Assessment	33
• Mental Status Examination	40
• Mini-Mental Status Examination	45
• Interview Technique	46

Unit 4 Therapeutic Nurse–Patient Relationship 50–64

• Introduction	51
• Elements of Nurse–Patient Relationship	51
• Phases	52
• Importance of Therapeutic Nurse–Patient Relationship	54
• Communication	54

Unit 5	Mental Disorders and Nursing Interventions	65–325
Introduction to Mental Disorders and Nursing Interventions		67
•	Psychopathophysiology of Human Behavior	67
•	Cell of Nervous System	74
•	Etiological Theories	75
•	Psychosexual Stages of Development	81
•	Classification of Mental Disorders	82
•	Mental Disorders	88
5A: Personality and Types of Personality Related to Psychiatric Disorders		92
•	Personality	92
•	Personality Disorder	92
•	Paranoid Personality Disorder	100
•	Schizoid Personality Disorder	102
•	Schizotypal Personality Disorder	104
•	Antisocial Personality Disorder	106
•	Borderline Personality Disorder	108
•	Histrionic Personality Disorder	110
•	Narcissistic Personality Disorder	112
•	Avoidant Personality Disorder	114
•	Dependent Personality Disorder/Passive-Dependent Personality	116
•	Obsessive-Compulsive Personality Disorder	118
5B: Neurocognitive Disorders (Organic Mental Disorders): Delirium, Dementia		120
•	Delirium	121
•	Dementia	124
5C: Schizophrenia Spectrum Disorders		134
•	What is Psychosis?	134
•	Schizophrenic Disorders/Schizophrenia	135
•	Course of Schizophrenia	135
•	Types of Schizophrenia	137
•	Prevalence	138
•	Epidemiology	138
•	Etiology	139
•	Endocrine Disorders	140
•	Immune System	140
•	Brain Structural and Functional Abnormalities	140
•	Signs and Symptoms	141
•	Premorbid History of Schizoid or Schizotypal Personality Disorder	141
•	Disorders of Perception such as Illusions and Hallucinations	142
•	Disorders of Thought	142
•	Treatment for Resistant Patients	147
•	Psychological Management	149
5D: Other Schizophrenic Disorders		151
•	Schizoaffective Disorder	151
•	Schizophreniform Disorder	154
•	Delusional Disorder	157
•	Shared Psychotic Disorder	163
•	Brief Psychotic Disorder	164

5E: Mood (Effective) Disorders: Mania, Depression and Bipolar Effective Disorder (BPAD)	166
• Mood Disorders	166
• Depression	168
• Mania	178
• Bipolar Effective Disorder	184
• Bipolar Disorder	188
5F: Neurotic Disorders	193
• Introduction	193
• Phobia	194
• Anxiety Disorders	196
• Depressive Neurosis	224
• Conversion Disorder	225
• Dissociative Reaction	229
• Depersonalization/Derealization Disorder	235
• Dissociative Identity Disorder	238
• Psychosomatic Disorder/Somatic Symptom Disorder/Hypochondriasis	240
• Illness Anxiety Disorder	243
• Nursing Care Plans	245
5G: Obsessive-Compulsive Disorder (OCD)	248
• Introduction	248
• Prevalence	249
• Etiology	249
• DSM-5 Diagnostic Criteria for OCD	253
• Prognosis	254
• Medical Management	254
5H: Trauma and Stress-Related Disorders	256
• Introduction	256
• Definitions	257
• Prevalence	257
• Etiology	258
• Post-Traumatic Stress Disorder	260
• Prognosis	265
• Medical Treatment	265
5I: Substance Use and De-Addiction: Alcohol, Tobacco and Other Psychoactive Substance	267
• Terminologies Related to Substance Use	267
• Types of Substance Use	268
• Prevalence	268
• Etiology	269
• Comorbidity	270
• Classification of Substance Use Disorders	271
• Alcohol Use Disorders	272
• Caffeine-Related Disorders	280
• Cannabis Use Disorders	282
5J: Sleep Disorders	285
• Introduction	285
• Characteristics of Sleep	285
• Stages of Sleep	286
• Physiology of Sleep	286

• Regulation of Sleep	287
• Functions of Sleep	287
• Normal Sleep Requirements	287
• Classification of Sleep Disorders	288
5K: Eating Disorders	296
• Anorexia Nervosa	296
• Bulimia Nervosa	302
5L: Sexual Disorders	306
• Introduction	306
• Terminology Related to Sexuality	307
• Components of Sexual History	308
• What are Sexual Dysfunctions?	309
• Male Hypoactive Sexual Desire Behavior	309
• Female Sexual Interest/Arousal Disorder	310
• Male Erectile Disorder	311
• Female Orgasmic Disorder	313
• Delayed Ejaculation	314
• Premature Ejaculation	315
• Sexual Pain Disorders	316
5M: Child and Adolescent Psychiatry Disorders	319
• Introduction	319
• Intellectual Disability	320
• Communication Disorders	320
• Autism Spectrum Disorder	321
• Attention Deficit Hyperactivity Disorder	321
• Specific Learning Disorder	321

Unit 6 Biopsychosocial Therapies

326–353

• Introduction	327
• Psychopharmacology	327
• Psychosocial Therapies	340
• Somatic Therapy	348

Unit 7 Community Mental Health

354–366

• Introduction	355
• Purposes	355
• Integration of Mental Health Services in Community Health Centers	355
• National Mental Health Program	355
• Importance of Community Mental Health	358
• Scope of Community Mental Health	359
• Attitudes toward Mentally Ill Individuals	360
• Stigma and Discrimination Related to Mentally Ill Individuals	360
• Community Mental Health Nursing	360
• Community Mental Health Services	361
• Prevention of Mental Illness (Preventive Psychiatry)	362

Unit 8	Psychiatric Emergencies and Crisis Intervention	367–383
•	Introduction	368
•	Types of Psychiatric Emergencies	368
•	Major Psychiatric Emergencies	368
•	Minor Psychiatric Emergencies	371
•	Psychiatric Emergencies in Children	373
•	Crisis	378
•	Crisis Intervention	379
•	Crisis and its Intervention in AIDS	380
•	Adolescent Crisis	381
Unit 9	Forensic Psychiatry/Legal Aspects	384–396
•	Introduction	385
•	Indian Lunacy Act (1912)	385
•	The Narcotic Drugs and Psychotropic Substances Bill/Act (1985)	387
•	Mental Healthcare Act (2017)	388
•	Admission Procedures	390
•	Discharge Procedures	391
•	Standards of Psychiatric Nursing Practice	392
•	Rights of Mentally Ill Patients	393
•	Legal Responsibilities in the Care of Mentally Ill Patients	394
	Appendices	397–414
•	<i>Appendix I Psychiatric Nursing History Format</i>	397
•	<i>Appendix II Mental Status Examination Format</i>	399
•	<i>Appendix III Interview Technique Format</i>	401
•	<i>Appendix IV Differences between ICD-10 and ICD-11</i>	402
•	<i>Appendix V Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-5-TR)</i>	403
•	<i>Appendix VI Nursing Care Plan Format for Psychiatric Patients</i>	404
•	<i>Appendix VII Case Study Format for Psychiatric Patients</i>	405
•	<i>Appendix VIII Psychiatric Nursing Drug Guide</i>	406
•	<i>Appendix IX Admission Procedure Format for Psychiatric Patients</i>	408
•	<i>Appendix X Discharge Procedure Format for Psychiatric Patients</i>	410
•	<i>Appendix XI Electroconvulsive Therapy (ECT) History Collection Format</i>	411
	Index	415–428
